German Attacks  
Near Peronne.Serbians Make Pro-  
gress in Advance  
To Monastir.

(Associated Press Cable.)  
LONDON, NOVEMBER 18.—BRIT-  
ISH ATTACKS LAST NIGHT RE-  
SULTED IN FURTHER PROGRESS  
FOR GENERAL HAIG'S TROOPS IN  
THE FIELD OF THEIR NEW OF-  
FENSIVE MOVEMENT NORTH OF  
THE ANCRE BROOK, IN THE EX-  
TENSION OF THEIR OFFENSIVE  
MOVEMENT IN THE SOMME AREA,  
IN NORTHERN FRANCE.

Striking northeast from Beaumont-  
Hamel, and north from Beaucourt the  
British pushed back the German lines  
in each case, London announces to-  
day.

The German counter attacked with  
their artillery, heavily shelling Beau-  
mont-Hamel and turning their guns  
also on Hebutzerne.

At Blaches, south of the Somme,  
near Peronne, the Germans attacked  
the French lines, but according to  
Paris, were repulsed.

The Entente campaign for Monastir  
continues to show progress. The Ser-  
bians have scored further advances in  
their flanking movement in the bend  
of the Cerna river, east of the Macedo-  
nian capital, while the French are  
pushing in closer south of the city,  
according to Paris.

The flanking operations of the Ser-  
bians has brought them to a point on  
the heights outside of Iven, due east  
of Monastir.

On the south, the French are in the  
outskirts of Kananee, 5 miles from  
Monastir.

TRIBESMEN  
ATTACK THE  
BRITISH ARMYFrontier of India the  
Scene of Encoun-  
ter in Which Tribes-  
men Are Defeated.

(Associated Press Cable.)  
London, November 18.—A battle  
has occurred on the frontier of India,  
in which a British force was engaged  
with 6,000 tribesmen, the War Office  
announced today.

The tribesmen were defeated and

withdrew with a loss of 100 dead. The  
engagement occurred near the bound-  
ary between India and Afghanistan.

The British took the offensive. The  
force which was attacked was made  
up of Mohammedans.

The British employed aeroplanes,  
which never before had been used in  
military operations, on the Indian border.

Only one person was killed on the  
British side, the statement says.

REICHMAN WILL  
INSPECT O. N. G.Formerly Stationed  
at Hawaii.

By Associated Press Dispatch.  
Columbus, O., November 18.—Lieut-  
enant Colonel Carl Reichmann of the  
25th Infantry, United States Army,  
formerly stationed at Hawaii, has  
been assigned to Columbus, to be-  
come chief instructor inspector of the  
Ohio National Guard.

WEAVER'S  
NARROW  
MAJORITYClose Vote in N. C.  
Congressional  
Race.

By Associated Press Dispatch.  
Washington, November 18.—Rep-  
resentative Doremus, Chairman of  
the Democratic Congressional Com-  
mittee, was notified today that the  
Buncombe County, N. C., canvassing  
board had certified the election of  
Zebulon Weaver, Democrat, over J.  
J. Britt, Republican, in the tenth Con-  
gressional District by a majority of  
10 votes.

Although a court proceeding is pend-  
ing Representative Doremus regards  
the contest as settled and has placed  
Weaver in the list of Democrats elect-  
ed.

This change, if sustained, alters the  
Congressional list, which now stands,  
Republicans, 216; Democrats, 213; six  
others.

Representative Doremus also con-  
siders Samuel W. Beakes, Democrat  
reelected over Bacon, Republican, in  
the Second Michigan District. If this  
is sustained, the list will be, Repub-  
licans 215; Democrats 214.

The Democrats also are claiming  
that the recount ordered in the Third  
New Jersey District will show Thomas  
J. Scully elected over Robert Carson.  
Should this result as predicted, the  
Republicans will have 214 and the  
Democrats 215.

Representative Doremus also is hop-  
ing for changes in the unofficial re-  
turns in six other doubtful districts  
and asserts that the actual lineup of  
the 65th Congress will not be known  
definitely for many weeks.

PERKINS ASKS GOVERNOR WHITMAN TO LEAD  
IN CURBING THE HIGH COST OF LIVING

George W. Perkins, chairman of  
the food supply commission institu-  
ted by Mayor Mitchell of New York  
city, sent a letter to Governor Whit-  
man of New York in which he said:  
"The cost of living has been steady-  
ly increasing for a number of years.  
Of course to increase our output and  
the quality of it is very desirable, and  
I know of no class of citizens who  
have tried harder to do this than the  
farmers themselves, but both farmers  
and consumers know that the high  
cost of living is not entirely due to  
the fact that we have failed to raise  
enough food. The fundamental trou-  
ble is that we have not at Washing-  
ton, Albany or New York city or any

where else, the right kind of market  
departments, whose business it is to  
study the question of food supply,  
food distribution and food consump-  
tion in an intelligent, businesslike  
manner and bring about such reforms  
in the methods of food distribution as  
would bring about beneficial results  
to both the producer and consumer.  
Until such market departments are  
established the high cost of living  
is going to be an ever burning ques-  
tion."

"The cost of table living is reach-  
ing a point where it is almost un-  
bearable. This is practically true in  
the case of the people who work on  
salaries—such people as teachers,  
professors and clerks in stores, banks

corporations, etc., for the income of  
these people has increased, very lit-  
tle if any, while their outgo for the  
actual necessities of life has increas-  
ed very much.

"As chairman of Mayor Mitchell's  
food supply committee I have given  
this matter a great deal of study and  
sincerely believe there is no question  
that demands more immediate and  
intelligent attention. Cannot the  
great state of New York be the pion-  
eer in this matter and afford to the  
people of this state the relief that will  
come from prompt and intelligent  
action along the lines indicated?"

RED CROSS  
STAMP SALEAnnual Drive to  
Raise Funds for  
War on Tubercu-  
losis Begins De-  
cember 1st.

By Associated Press Dispatch.  
Washington, November 18.—The  
annual nation-wide sale of Red Cross  
seals, by which it is hoped to realize  
\$1,000,000 this year to carry on the  
fight against tuberculosis in the Uni-  
ted States, will begin December 1.

More than 300,000,000 seals have  
been distributed for the sale, and  
every state and thousands of cities,  
towns, and villages will compete in  
the effort to sell the most seals per  
capita.

Both the Red Cross and the Nation-  
al Association for the Study and Pre-  
vention of Tuberculosis will award  
prizes to the winners, in the shape of  
pennants and special honor certifi-  
cates.

Washington, November 18.—  
Weather predictions for the  
week beginning Sunday, issued  
by the Weather Bureau today  
for the Ohio Valley and Ten-  
nessee are: Fair weather until  
Thursday or Friday, when there  
will be rain. Temperature will  
average much higher.

CLEARING HOUSE  
SHOWS A DECLINEDecrease in Reserves  
Held By Banks  
Compared With  
Last Week.

By Associated Press Dispatch.  
New York, November 18.—The  
statement of the actual condition of  
clearing house banks and trust com-  
panies for the week show that they  
held \$79,897,980 reserve in excess of  
legal requirement.  
This is a decrease of \$18,971,170  
from last week.

CONTRACTS ARE LET

OFFICIAL COUNT  
IN MINNESOTA

(Associated Press Dispatch)  
St. Paul, Minn., November 18.  
—The complete official vote of  
Minnesota, as announced today  
by Secretary of State Julius A.  
Schmahl, gave Hughes a plural-  
ity of 396.  
The vote was: Hughes, 179,-  
553; Wilson, 179,157.

ROUMANIA  
HALTS THE  
INVADERSStronger Resistance  
Being Encounter-  
ed By Teutons.

Stronger resistance apparently is  
being offered by the Roumanians to  
the pressure of the Austro-German  
invading forces in Wallachia.

In the important Campulung sector  
where the invaders have pressed to  
within some three miles of this city,  
Bucharest asserts the Roumanians  
made progress in yesterday's fight-  
ing.

Berlin, reporting on this situation,  
asserts that the Roumanian effort to  
drive back the Germans in this re-  
gion resulted in heavy losses to the  
Roumanians.

To the west it is declared the Teu-  
tonic armies have further penetrated  
Roumanian territory in the Alt and  
Jiu Valleys.

On the Macedonian front, Paris  
reports the Serbians successful in  
extending their flanking operations  
northward east of Monastir, and the  
French to be pressing the inner de-  
fenses of the city closer on the south.

Berlin records the defeat of at-  
tack by Entente forces on the plains  
south of the city and in the Cerna  
River region, and in the recapture  
of a height near Chagel, in the bend of  
the Cerna east of Monastir.

Petrograd reports the bringing  
down of a Zeppelin by Russian troops  
near Parny on the Russian front  
southwest of Pinsk.

PRESIDENT WILL  
EXTEND WELCOMEOhio Corn Boys and  
Girls Assured of  
"Good Time."

By Associated Press Dispatch.  
Columbus, O., November 18.—Presi-  
dent Wilson will receive the Ohio  
corn boys and girls at the White  
House at 10 a. m., December 6th, ac-  
cording to word received here today  
from Secretary Tumulty.

More than 300 boys and girls from  
Ohio will go on the trip to Washing-  
ton and New York, which begins De-  
cember 4th.

They will spend three days in  
Washington and one in New York.

## AUTO RACES

By Associated Press Dispatch.  
Santa Monica, Cal., November 18.—  
In the automobile races here this af-  
ternoon, Resta was leading in the  
tenth lap at a speed of 88 miles an  
hour. Copper was running second.

MOVEMENT  
FOR PEACE  
SHAPINGReports From the  
"Swiss Frontier"  
Say Neutrals Are  
Busy.

(Associated Press Cable.)

Berlin, November 18.—The move-  
ment for peace negotiations, accord-  
ing to reports from "the Swiss Fron-  
tier," which were printed by the Koel-  
nische Zeitung, is about to assume  
definite shape in form of a joint call  
from various neutral governments to  
the belligerents, asking them to send  
delegates to a peace conference.

The reports assert that several Eu-  
ropean neutrals are already in touch  
with the American Government, and  
that various belligerents have been  
sounded on the proposition of a con-  
ference.

According to this story, the confer-  
ence would necessarily open its sit-  
tings without an armistice being pro-  
claimed. Interruption of hostilities  
coming only after it was established  
that the negotiations were apt to be  
crowned with success.

In authoritative official circles here  
it is stated that no facts are known  
upon which the paper's story could  
be based, while it is considered not  
impossible that neutral governments  
may be considering some such step.

CHINESE REFUGEE  
BRINGS REPORTClaims Villa Bandits  
Murdered Foreign-  
ers in Parral.

By Associated Press Dispatch.

El Paso, Texas, November 18.—From  
a Chinese refugee from Parral, Uni-  
ted States Government agents here to-  
day received a report that all of the  
foreigners remaining in Parral, ex-  
clusive of the five known to have left  
for Culien and thought to have ar-  
rived there, had been killed by the  
Villa bandits.

Those reported to have been killed  
included at least six Americans, all  
of the German residents of Parral,  
numbering approximately eight, to-  
gether with their families, and all of  
the Chinese, Arabians, and Hebrews.  
Among the Americans killed is said  
to have been William Scott, son of  
Major General Hugh L. Scott, Chief  
of Staff of the United States Army.

TUG OWNERS  
TO SUE SUBOwners of T. A.  
Scott, Jr., Destroy-  
ed Tug, Want Pay.

By Associated Press Dispatch.

New Haven, Conn., November 18.—  
Papers in a libel action to recover the  
loss of the tug Thomas A. Scott, Jr.,  
against the German undersea mer-  
chantman Deutschland were filed in  
the United States District Court here  
today. The value of the tug is given  
at \$12,000.

# SITE FOR NEW POSTOFFICE MUST BE CLEARED AT ONCE

Postmaster Murry Receives Instructions From the U. S. Treasury Department to Have Everything Off of Postoffice Site Within Sixty Days From December 6th.

Postmaster Sherman A. Murry is in receipt of an order from the Supervising Architect of the United States Treasury Department, to serve notice at once upon all persons occupying the site of the new Government building to vacate, and to have the entire lot free of everything within 60 days from December 6th.

## BANQUET OPENS

The Women's Auxiliary of the local Y. M. C. A. has arranged for the big banquet for the Ohio State Convention for Older Boys. It will be held in the K. of P. Hall and will be in charge of the Pythian Sisters—an assurance of its success.

At this banquet, which opens the convention, will be given the keynote speeches. The theme of the whole program is "Growth." "And the boy Jesus advanced in wisdom and stature and in favor with God and man."

## BANKERS ARE WARNED OF NEW COUNTERFEIT

Local bankers have been cautioned to be on the watch for a new counterfeit ten dollar federal reserve note. The new counterfeit is one of the most dangerous made in twenty-five years and is now in circulation in the Middle West, according to the secret service officers at Washington, who are searching in every section of the United States for a gang of operators.

The counterfeit is a ten dollar federal reserve note issued by the Federal Reserve Bank in Minneapolis. It bears a portrait of President Jackson. The note is finely executed and almost an exact duplicate of the note turned out by the bureau of engraving and printing of the treasury.

## 'WOODROW' AND 'WILSON' SHIPLEY, NEW HOLLAND ELECTION NIGHT TWINS

The Mother And The Twins

The accompanying picture is of Mrs. Sylvester Shipley and twin sons, "Woodrow and Wilson" of West Holland taken when the youngsters were eight days old.

The twins were born on election night, and after searching about for suitable names the father, who is nearly 60 years of age, adopted the suggestion of a neighbor and christened the youngsters after President Wilson.

At birth Woodrow weighed 5½ pounds and Wilson 6 pounds. On the day the photograph was taken

the youngsters had gained just one pound each. Both are strong and the father fully expects them to be Democrats.

Woodrow is shown on the left and Wilson on the right of the proud mother.

Mrs. Shipley who is about 40 years of age and a grandmother, is the mother of eleven children, nine of whom are living. The twins, who have been attracting wide attention, are not the only twins in the family, however, as Jessie and Dessie are five years of age.

## MAY EAT TURKEY ON THE BORDER

Indication now point strongly to the Fourth Regiment, Ohio Infantry, eating Thanksgiving turkey, or at Thanksgiving dinner, on the border. They will not have time to reach home for the event.

Late reports indicate that the troops may stay on the border for sometime yet, as they are now engaged in the work of boarding up about their tents to keep out the cold, and installing wood-burning stoves in the tents so that all may be comfortable.

The War Department has announced that fitting feasts will be provided for the men who are on the border on Thanksgiving and Christmas.

There is a possibility that the Fourth Ohio may spend several months yet on the border.

## GREAT CROWDS ENJOY FOOD SHOW

There certainly was one great jam at the Pure Food Show at the S. S. Cockerill and Son Grocery Co., Saturday. The crowd had seemed enormous, Friday but it wasn't in same day with Saturday, when people surged in and out and thoroughly enjoyed jostling each other and visiting while they sampled the many food delicacies so attractively displayed.

The store presented a gay scene, with scarlet and white overhead festoons forming an overhead canopy down the entire length of the large room and huge chrysanthemums decorating the pretty booths.

The display was a big success in every particular.

## COLONIAL MANAGER HAS TOUGH LUCK

The Colonial Theater had a splendid film, "The Jungle Child," booked for Friday night, and when there was a hitch in the shipment of the film from Waverly to this city, Mr. Myers arranged with his brother in Chillicothe to go to Waverly and bring the film over by automobile.

This Mr. Myers started out to do and everything went well until near Frankfort when something went wrong with the automobile causing the film to be delayed.

Meanwhile a large audience assembled to see the film and Mr. Myers explained the situation, so that the audience remained for some little time and when the film did not arrive, the audience was dismissed. Just a few minutes later, however, up drove Mr. Myers of Chillicothe, bringing the film, just a trifle too late to be exhibited.

## MAY BUILD HOTEL ADDITION IN 1917

Within the next few weeks, Mr. George Browne, owner of the Arlington Hotel, will decide whether or not he will erect a large new addition to the Arlington in the near future.

It was originally planned to make the addition a large one, fronting on the South Fayette street, and with a large lobby and offices on the ground floor, main entrance on Fayette street.

During the month of December it is expected that plans will be adopted and everything prepared for beginning the big addition, which will be of four stories and extend to the alley south of the present building, giving much additional room and making the Arlington one of the largest hotels in this part of Ohio.

## CASE CONTINUED UNTIL NEXT WEEK

Late Friday afternoon the case of Ohio, against Matthew Grimm, young farmer indicted for criminal attack upon Ruth Maag, was continued until Monday morning, when it again will be resumed.

Some of the witnesses introduced by the state gave damaging evidence against the accused, one of the young men indicted for the same offense giving evidence of a very incriminating character, which indicated that he himself was a party to the crime, by inducing the girl to get into the buggy of the accused.

## REXALL ONE CENT SALE GREATEST EVER

The annual One Cent Sale of the Rexall Drug Store, Blackmer & Tanquary, which closes tonight, has proven by far the greatest of the three sales the store has conducted, and at noon Friday the sales had reached and passed all previous records, and at the close of business tonight it is expected that few if any of the goods included in the sale will remain on the counters of the store.

In the sale virtually all Rexall goods are offered at the regular price, and another similar article is sold for the additional sum of one cent, and the big array of bargains has attracted a steady stream of shoppers since early Thursday morning.

## MINISTERIAL ASSOCIATION MEETING MONDAY A. M.

## CHURCHES OF OHIO MAY HAVE ATHLETIC LEAGUE

By Associated Press Dispatch. Cleveland, Ohio, November 18.—Plans are now being considered for a great athletic league of churches and church religious organizations in Cuyahoga county. A call for organization of the league has been issued for Tuesday, November 21, at the Central Y. M. C. A. and is made by the Cuyahoga Sunday School Association,

the Y. M. C. A., the City Church League and a number of pastors. Representatives from each church are asked to be present. Rules for the government of the proposed league will be discussed and plans furthered at the meeting.

## FIRST PENSIONER CALLED BY DEATH

Mary Lovejoy, Over 100 Years Old, Answers Call.

By Associated Press Dispatch. Newark, O., November 18.—Mrs. Mary Lovejoy, 100 years old, the first woman in the United States to receive a pension under the new Ashbrook widows' pension bill, died early this morning after a few days' illness of pneumonia.

Her death occurred but two weeks before she would have received her first pension check, December 4th.

She observed her 100th birthday anniversary October 26. Her husband, Samuel Lovejoy, a veteran of the civil war, died nearly fifty years ago.

## HUGHES LEAVES FOR VACATION

By Associated Press Dispatch. New York, November 18.—Charles E. Hughes and Mrs. Hughes left here today for Lakewood, N. J., where they expect to remain for a fortnight. They will be joined tonight by Wm. R. Wilcox and Mrs. Wilcox.

In Lakewood, the former presidential candidate and the Republican National Chairman will await the outcome of the official count of the vote in California.

## FEDERAL TRADES COMMISSION WILL NOT INVESTIGATE

High Cost Probe Will Be Left to Department of Justice.

By Associated Press Dispatch. Washington, November 18.—The Federal Trade Commission announced today that it will not undertake an investigation of the high prices of necessities of life, because it largely would be a duplication of the work of the Department of Justice under the Sherman anti-trust law.

## SOME SALINE MATTER

By Associated Press Dispatch. Washington, November 18.—Saline matter in the ocean is estimated at a little more than 4,800,000 cubic miles which, according to the United States Geological Survey, is enough to cover the entire surface of the United States to a depth of 8,500 feet.

## Relief for Cities

Columbus is one among many cities throughout the United States making sincere endeavor to ascertain just why it cannot live within it's income and to take the necessary action hoping to bring about a change in conditions that will furnish relief from present financial embarrassments.

The one thing which seems to be fixed in the management of Ohio cities is the income. The Smith one per cent tax rate limit law, so long as it remains unrepealed, fixes a limit beyond which cities cannot go in the matter of tax rates thus limiting their income.

There seems then to be only one direction in which search can be made, with any prospect of success, and that is the expenditures. Cities are driven by stern necessity to insist on efficiency and reasonable salaries.

It is difficult for public officials of cities to realize that they must pay attention to the expense account and to public services rendered by subordinates.

The custom of long standing has been to allow the expenses to run riot and the posts of duty to go as a reward for political favors with no thought, scarcely, of efficiency and then secure, through a boost in the tax rate the money needed to keep the machinery of city government going.

Of course the cost of government in cities like everything else is more today than it was formerly but most hard headed practical business men who foot the bills adhere to the belief that the cost of wasteful city government so long in vogue has not yet been equalled by the increased cost of really good service.

In the effort to solve the problems, efficiency experts have sprung up all over the land. Most of them are worth while—some are false alarms.

Columbus, in a bad financial way, has employed an expert who claims to be able to cure the ills of the city. Perhaps he has the remedy and having it, perhaps elected officials will use it.

Any way the big experiment so close to home will be well worth watching.

What is good for the larger cities in big doses should be equally beneficial to smaller cities in reduced prescriptions.

## Outside Attractions

School athletics and school entertainment of all kinds seems to be multiplying and gaining in popularity.

Every passing month of the school and college year these days has its own particular attraction in the way of athletic contests or entertainment.

The school year begins with base ball holding the attention of the students and centering the youthful enthusiasm about the place of learning. Later on foot ball takes the place of baseball, then basket ball, then the glee clubs and the concerts and entertainments given under auspices of the school authorities.

"Sandwiched" with all the school attractions and occupying attention when the school schedule of entertainment slows up a little, are the public entertainments which demand the co-operation of the students and teachers.

Now days the youngsters both Girls and boys have their time disposed of for them both in school and out.

The plan has much to recommend it—no doubt about that—but at the same time some of the older folks, who attended school when school work occupied all of the time in the school room and left work enough to compel every student, no matter how intelligent, to study at home, wonder if the young folks of today are getting all the substantial good out of school that they are supposed to get.

Parents are helpless now days to compel their children to stay at home and study. The school demands the evenings both before and after the evening meal.

The school should be made attractive, it should hold the attention of the restless ambitious boys and girls. Whether it should crowd out even time for reflection and quiet study with it's demands for time is a question with many.

The problem is not a local one. It is state wide and nation wide. It embraces all branches of learning from the senior class in college down to the primary departments of the common schools.

## Poetry For Today

FACES.  
O human faces fascinate.  
For I have walked the downtown streets at noon  
And watched them streaming past.  
And some are hardly seen  
So blank and lifeless are they.  
And some reel by ugliness,  
By deep-traced signs  
Of inward rottenness.  
And some, symmetrical,  
Expressively expressionless,  
Excite a wonder  
As to what you'd find  
Could you but penetrate  
Their cold repression.  
A few attract—  
They mirror life full-lived,  
Sorrow borne in patience,  
And noble deeds done quietly.  
But even these are not ideal—  
There's some small line or feature wrong.  
You seek and never find  
The face that wholly satisfies  
Until—  
You come to love  
And one fair face,  
Bathed in Love's pure light,  
Is ever in your heart  
Enshrined.

How the World Is Fed.  
"A study of how the world is fed reveals many interesting facts. Australia, the smallest of continents, for instance, is the largest meat eater of them all. Asia, the largest continent, on the other hand, is the smallest meat eater among them. Africa and South America lean toward vegetarianism, while Europe and North America are large consumers of meat and other animal products. Taking the world's supply of cattle, hogs and sheep," writes Harold J. Shepherson in the Millgate Monthly, "it appears that mankind at large uses in the neighborhood of 20,000,000 tons of meat a year. This would be an average of about thirty-nine pounds per capita throughout the world. In butcher's meat we find the Australian consumes 192 pounds, the American 172 pounds, the Englishman 119 pounds, the German 113 pounds, the Frenchman and the Belgian 80 pounds, the Austro-Hungarian 64 pounds, the Russian 50 pounds and the Spaniard 49 pounds."

## "ART OF FRONT" MAY BE SHOWN IN THE U. S.

(Associated Press Cable.)  
French Front, November 18.—An exposition of "Art at the Front" composed of the creations of soldiers of the French army now on view at Compiègne includes contributions from every branch of the service.  
Pictures in oils and water colors, colored crayons and pencil, charcoal and burnt wood are displayed side by side with statuettes carved out of chalk or soft stone or modeled in plaster colored to represent nature. Metal objects made of shell cases, hammered in beautiful designs to form flower holders and lamps, and splinters of steel shells made into paper weights and ink stands, rifle cartridges transformed into pen and pencil holders, paper cutters, thumbtacks, and other useful things, fuses made into finger and napkin rings, fancy work baskets fashioned out of the long wicker cases in which loaded projectiles for the big guns are conveyed to the firing line—all give evidence that art goes together with war.  
Many of the pictures exhibit a strength which can never be found in any academic salon. They all represent objects of actuality as seen by the men themselves and reproduced in such a way as to bring home to those who see them the conditions under which the soldiers live in face of the enemy. There is no idealism or fantasy in the men's work—all is realism. This, however, does not prevent many of the artists from portraying humor in its broadest sense, for the soldier in the field is very keen on the comic side, and some of the caricatures are excellent.  
Few people had the opportunity of seeing the exposition, owing to the difficulty of reaching Compiègne under the restrictions of war time, but arrangements have been made for the transfer of the collection to Paris and possibly later to America. It is probable that the work of the soldiers of other French armies will be joined together with this exhibit.

## COLOGNE NOW WORLD'S GREATEST RESTAURANT

(Associated Press Cable.)  
Cologne, November 18.—The municipality of Cologne is today the biggest restaurant in the world. It feeds, six days a week, nearly half of its population of about 700,000 persons at the astonishing price of two marks (fifty cents) a week for six square meals. It supplies the food from a "kitchen" that has cost millions to construct, and delivers it by means of hundreds of teams and automobiles in utensils that alone represent an investment of thousands.  
To do this it has to employ all in all several thousand people, whereby it also does good because it thus gives employment to people who need it. It invests, weekly and monthly, thousands of marks and manages to break about even on the investment.  
There is a system of housing potatoes, which plays a very important part of course in feeding 300,000 old persons. Then there is the drying or evaporation plant. The supply of vegetables and fruit is at all times irregular, not only because of the seasons but also because of transportation and other questions. Where formerly Cologne ate what came and

## NEW HOSPITAL WILL OPEN NEXT MONTH

(Associated Press Dispatch.)  
Columbus, O., November 18.—It is announced that the new Homeopathic hospital at Ohio State University, which it was expected would be opened and ready for occupancy by November 20, will not be ready until some time later in the year, due to failure to secure shipments of materials necessary to the completion of the structure.  
The new institution is modern in every way, being fireproof and with an air washing machine that will make possible to keep the temperature as low as 60 degrees in summer.  
All offices, operating rooms, lecture and waiting rooms are on the first floor so that patients will not be disturbed by activities about these rooms. The operating suite consists of three rooms, with seats ranged about each so that students may watch the progress of operations. There are four wards, including two children's wards, 14 private rooms, 3 operating rooms and a lecture room.

This season mushrooms are so plentiful that the price paid by the wholesaler to those who gather them ranges from 30 to 40 pennings a pound. Even at this low rate, families during the summer made from 30 to 100 marks a day by making excursions into the country and picking as many mushrooms as they could carry.  
Notwithstanding, this superabundance of the plants has not tended in the slightest to keep the retail price down. Today mushrooms sell at retail for from 110 to 125 pennings a pound.

cared comparatively little about the morrow, it now realizes that no single ounce of food may be wasted, and it prevents such waste by drying and preserving for future use each extra pound of apples and plums, of lettuce and cabbage, that arrives, and is not eaten up at once.  
Perhaps most novel of all the "side features" is that part of the city kitchen where wastage is saved. It reminds one of the Chicago packer who boasted that he knew how to make use of every part of the pig but the squeal. Not only from the ordinary wastage from food prepared at the city kitchen but from garbage carefully collected all over the city there is now extracted a certain percentage of material that, in dry form, can be used for human consumption again. In addition of course there is a large per centage that goes for feeding swine, and lastly there is extracted a substance used with excellent results for "horse bread," a food that looks not unlike dark-brown human bread and that is said to form an excellent complement to the present scanty supply of oats.

## JOHN M. DEERE CALLED BY DEATH

Pioneer Citizen and Retired Farmer Answers Final Summons Saturday Morning Following Operation.

Mr. John M. Deere, one of the well known pioneer retired farmers of this county, was called by death Saturday morning shortly after nine o'clock, following an operation at the Fayette hospital, Friday. Mr. Deere was taken suddenly ill at his home on Grand Avenue Tuesday. He grew rapidly worse until his condition became so alarming that he was taken to the hospital to undergo the operation which was the last hope.

The news of Mr. Deere's death came with a great shock to this community. His life has always been an active one although seventy-nine years of age this month, he had seemed in excellent health and given personal attention to his business interests.

Born and raised in this county most of Mr. Deere's life was spent in the handsome Deere homestead on the Snowhill pike. A few years ago he erected a home in this city and moved to it to retire from active farm management. In both town and county Mr. Deere was held in the highest esteem, his business integrity and sterling character accompanied by a kindly disposition which won for him many and warm friends.

His wife belonged to the Mark family of Staunton, so that on both sides there is a large family connection to join with friends in extending sympathy to the family so suddenly bereaved of a most affectionate husband and father.

Mr. Deere is survived by his widow and four sons, James, Edward and Rufus, of Chicago, and Carey, of the Snowhill pike.

Mrs. Cyrus Patch of Milledgeville, is the only sister.

Mr. Rufus Deere reached here Friday morning in time to find his father still conscious. Messrs. James and Edward Deere, Mrs. Rufus Deere and daughter Miss Janita, arrived from Chicago this afternoon.

Funeral arrangements announced later.

## SIMPLE SERVICE PRECEDE BURIAL

The Wyatt home on South North street was filled with friends Saturday morning, when Rev. Arthur P. Cherrington, of Grace M. E. church, conducted simple, but affecting services over all that was mortal of Mrs. J. P. Wyatt.

A profusion of flowers lay around the quiet sleeper, farewell tributes of affection from family, friends and neighbors.

The minister followed the reading of the memoir with beautiful remarks and read the hymns.

The burial was made in the family lot of the Washington cemetery. The pallbearers were Messrs. H. V. Rodgers, M. J. Sturgeon, Erk Edwards, Sherman Murry, Henry Rice and Frank Kearney.

### MEMOIR.

Sarah Gibson, daughter of John and Susan Gibson, was born in Claysville, Guernsey county, on April the 10th, 1843, and departed this life November 14th, 1916, aged 73 years, 7 months, 4 days.

In 1865 she was united in marriage to James P. Wyatt. The ceremony was performed by Rev. Samuel Miller, one of the pioneer Presbyterian ministers of this section.

At the time of this marriage Sunnyside was little more than a wilderness and Mr. Wyatt built for his bride the third house erected in Sunnyside.

To this union were born five children—Edward, Harry, John, James and Mable, the last three preceding their mother in death.

Coming to this city from the home of her birth when quite a young woman, Mrs. Wyatt rounded out nearly seventy-four years in this community enjoying the highest esteem and affection of all who knew her.

Always a deeply religious woman, it was her greatest pleasure to help the poor, the sick or any who claimed sympathy from her warm heart.

Quiet and unobtrusive in manner, she never spared herself in service for others and few women leave a record of greater usefulness, both in her beautiful home life and in the broader life outside.

There are many who sorrow in her death and share in the deeper loss which has come to husband, children and grandchildren.

## LAI TO REST IN HOME TOWN

Sad beyond words were the funeral services of Mr. Walter Holland, former resident of this city, in recent years of Cincinnati, held at the home of Mrs. Taylor Mantel, sister of the deceased, Friday afternoon.

Many friends had gathered to show farewell regard and express the great sympathy felt for the sorrowing family.

Rev. Wm. Boynton Gage conducted services most comforting in their nature and Mrs. Lulu H. Robinson and Miss Ada Woodward sang the hymns beautifully.

The interment was made in the Washington cemetery; the pallbearers Messrs. Maynard, Ernest and Pearl Eckles, Herman DeWitt, Charles and Homer Holland.

There were many floral remembrances.

## SEINING CASES COME UP MONDAY

In Justice T. N. Craig's court, Monday morning, the cases of seining charged against ten prominent men of the Sabina locality, will come up for trial.

The Fish & Game Association, which is back of the cases, is represented by Rankin & Rankin, while the accused also have retained attorneys in this city.

## AUTOS COLLIDE AT STREET CROSSING

Saturday morning an auto driven by L. M. Maag, mail carrier between the postoffice and station, and one driven by a fur dealer of Dayton collided at the intersection of Fayette and Court streets, and both machines were slightly damaged.

The Dayton man paid Maag 50c to cover the damages to his machine.

Incidentally the men are to be judges at the Live Stock Show, in Chicago.

## PROMPT USE OF FIRE EXTINGUISHER DID IT

At 2:35 Saturday afternoon the fire department made a run to the block occupied by the Ohio State Telephone Company, where a barrel filled with straw was on fire in the basement, and dense smoke was pouring from the cellarway.

Mr. Chas. B. Johnson, of the Wonderland, who first noticed the smoke, seized a tube of chemical fire extinguisher from his theater and dashing into the smoke-filled basement quickly extinguished the blaze. He was nearly overcome by the stifling smoke and fumes.

## In Social Circles

The home of Mr. and Mrs. Lawrence Garringer on the Chillicothe pike was the scene of a genuine old fashioned belling Friday night, when twenty young people serenaded Mr. Charles Garringer and his bride (nee Hazel Andrews) with every variety of discordant instruments that could be secured.

The bride and bridegroom invited the self-invited guests in and assisted by Mr. and Mrs. Lawrence Garringer, gave them such a good time, that they stayed till midnight.

Altho not anticipating the affair the entertainers served refreshments and made their guests hospitably welcome.

Mrs. Frank S. Jackson gave a pretty birthday party, Friday afternoon for her bright six year old daughter, Helen Louise.

Fourteen children of the neighborhood spent a merry afternoon in all kinds of games and pinning the tail on the donkey.

In the contest prizes were won by Lillian Teeters, Marjory Sparks and Katharine Miller.

A dainty luncheon was served and there was a big birthday cake with twinkling candles.

Mrs. Jackson was assisted by her mother, Mrs. Smith and Mrs. Arthur Leland.

Mrs. Elton Marine delightfully entertained at an informal little "Bridge" and chafing dish supper, Friday night.

Messdames G. L. Spragg, Frank Michaels, Carl Mallow, Loring Brock Charles Brown, H. E. Daugherty, Miss Ethel Calvert.

The Browning Club is planning a very attractive entertainment for Friday night, December the eight, at the High School Auditorium.

Hitler, Dr. Carl Ritz and Dr. Corne took part in the discussion which brought out many ideas of benefit to those in attendance.—Circleville Union-Herald.

## ANCIENT FURNITURE CLEVERLY REMODELED

On exhibition in the show window of the Haynes Furniture store at the present time is an interesting display of old furniture, cleverly remodeled until it is very attractive and would not be taken for furniture more than 100 years old.

A small stand and a chest of drawers or "high boy" finished in natural cherry, are the chief attractions while a parlor suite newly upholstered by the firm in French tapestry also attracts a liberal share of attention.

## DENTAL MEETING

The meeting of the Rehwinkel Dental society held Tuesday afternoon in the office of Dr. G. S. Corne was of great interest and value to members of that profession. Able papers were read and discussed and a social hour enjoyed.

Dr. W. G. Hamm, of Chillicothe, contributed a paper on "Professional Cooperation" and Dr. C. V. Lanum of Washington C. H., read the foreword.

## FOOTBALL TEAM GOES TO XENIA

Accompanied by quite a band of rooters, the Washington high school foot ball team went to Xenia Saturday morning to again show the Xenians how to play football, and incidentally hang another scalp to their belt.

Most of the players and rooters went on the morning train, while others motored over. The game was called for two o'clock and the local boys were confident of winning the contest.

## MRS. GERRY, FAMOUS BEAUTY, WILL JOIN "SENATORIAL SET"

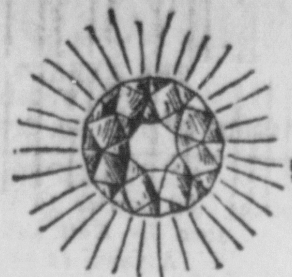

MRS. PETER GOLET GERRY

The Rhode Island senatorial toga falls on Peter Golet Gerry, Democrat, ex-congressman, society man, polo player and coaching whip, conspicuous alike in New York and Newport; but, in addition to all this, an able lawyer, a scientist and a philanthropist especially dear to the children of Providence, R. I., whom he entertains yearly on a midsummer picnic and at a Christmas dinner. Mrs. Gerry's election by the Republican senator, from public life, will send into the senate a man of only thirty-nine, who, though he may be known to many as a "whip" and a sportsman, is known to as many more as a serious, capable student of politics and economics and as a friend of the workingman.

Mr. Gerry is one of the few men in society who have taken an interest in

# TO ENLARGE COMMISSION

## Railroads of Country Seek Legislation.

### PROPOSALS ARE OUTLINED

Would Create Regional Bodies. Under Interstate Commerce Commission, With Original Jurisdiction in Rate Questions, Subject to Appeal by Carriers or Shippers—Will Present Plan to Congressional Committee.

Washington, Nov. 18.—A. P. Thom, counsel for the railway executives' advisory committee, appeared before the meeting of the national council of the United States Chamber of Commerce and outlined some of the suggestions the railroads will make to the joint congressional investigating committee, which begins hearings on transportation questions here Monday. Thom said the railroads would seek: A federal incorporation law for interstate railroads; a measure enlarging the interstate commerce commission and creating regional bodies under it, with original jurisdiction in rate questions, subject to appeal by carriers or shippers to the entire commission; amendment of the act to regulate commerce, so as to reduce to sixty days the present period of ten months during which the interstate commerce commission may hold a filed railroad tariff in suspension, and authority to the commission to fix minimum as well as maximum rates,

such as it alone has at present. The national council had given a place to representatives of the brotherhoods on its program, but the secretary announced that telegrams had been received saying they could not arrange to be present. Mr. Thom's presentation of the railroad suggestions was preceded by speeches which brought the railroad eight hour law squarely before the council. Representative Adamson, author of the law, declared he believed it constitutional, but thought congress would enact supplementary legislation before the congressional investigating committee reports to make impossible another situation such as confronted the nation when the brotherhoods threatened to strike.

## IDEAS SUGGESTED FOR CONSIDERATION

(By American Press) Louisville, Ky., Nov. 18.—Plans for relieving the present country-wide car shortage through the agency of a committee of railroad representatives sitting in Washington, were presented to Commissioner C. C. McChord of the interstate commerce commission by a special committee appointed by the American Railway association to confer with him. Commissioner McChord extended his tentative approval to the plan, which will be put before the interstate commerce commission at once. Commissioner McChord ordered subpoenas issued for the executive officers of lines which had been notified to send representatives here and had failed to comply.

## ROOSEVELT'S TRIP

(By American Press) New York, Nov. 18.—Colonel Theodore Roosevelt will make a trip to the Fiji, Samoan and Hawaiian Islands in February, it was announced here. It was stated that Mrs. Roosevelt will accompany him. Plans for the trip, it is said, have been under way for some time and have now been completed.

# EXPENSES OF THE G. O. P.

## Cost \$372,000 to Manage the Campaign in Ohio.

Columbus, Nov. 18.—It cost the Republicans \$372,351.98 to manage their recent campaign in Ohio, according to the expense statement filed by State Chairman Charles S. Hatfield with the secretary of state.

Of the total, \$135,649.68 yet to be paid for untended bills, while there is a balance of only \$67,142.81 in the treasury. This leaves a deficit of \$68,504.87.

Total receipts of the state committee were \$303,880.11, which includes a note of \$100,000 "to cash" on the First National bank of Cincinnati. In the receipts was one worthless \$35 check.

Among the big contributors to the campaign fund were: Colonel William Cooper Proctor, Cincinnati, \$10,000; R. K. Hynicka, Cincinnati, \$10,000; H. H. Timkin, Canton, \$10,000; Colonel J. G. Battelle, Columbus, \$7,500; Foster Copeland, Columbus, \$5,000; C. A. Otis, Cleveland, \$23,500; W. R. Timkin, Canton, \$4,000; Julius Fleischman, Cincinnati, \$5,000; P. G. Thompson, \$5,000; A. L. Garford, Elyria, \$5,000; W. H. Ramsey, Alliance, \$5,000. From the national committee only \$5,000 was received.

The Republican state organization has decided to maintain headquarters during the next two years, as the Democrats did during Willis' administration, for the purpose of watching state affairs and collecting material for the next campaign. Charles E. Hard, Portsmouth, is likely to be in charge of the headquarters, assisted possibly by Forrest F. Tipton, secretary to the governor, as publicity director.

# UNPOPULAR

(By American Press) Baltimore, Nov. 18.—The American Federation of Labor by unanimous vote declared against that provision of President Wilson's legislative program making illegal any railroad strike or lockout prior to the investigation of the merits of the case.

The committee report, which was adopted, recommended that the convention "take an unequivocal position against compulsory institutions and in favor of maintenance of institutions and opportunities of freedom." The convention had before it that section of the executive council's report dealing with the railroad brotherhoods' threatened strike.

Problems of industrial justice and redress for industrial wrongs, the report concluded, can not be worked out by laws.

## PLANS HOLD ON TO THE BIG PLACE

(By American Press) Chicago, Nov. 18.—Garry Herrmann in all probability will continue in office as chairman of the National baseball commission, but over the opposition of President Ban B. Johnson, of the American league. At Johnson's office, it was said the American league chief is opposed to Herrmann's re-election, not on any personal grounds, but because several of the younger league moguls believe the National league dominates the commission too completely. President Tenor of the National league is quoted as favoring Herrmann for another term, practically insuring the Cincinnati man's retention.

## FORMER OFFICIAL DEAD

(By American Press) Plattsburg, N. Y., Nov. 18.—John B. Riley, who was removed from office as state superintendent of prisons by Governor Whitman last January, died at his home here after a lingering illness, aged sixty-four years. During the administration of President Cleveland Mr. Riley was consul general at Ottawa.

## DENVER WANTS IT

(By American Press) Denver, Nov. 18.—George Leavitt for the east for a talk with Jess Willard and his manager, Tom Jones. Jack Curley declared that he and Jack Kanner, local promoter, will offer a \$50,000 purse for a twenty round decision battle between Willard and Fred Fulton, the Minnesota heavy-weight.

## TO CURB SUB BOATS

(By American Press) Washington, Nov. 18.—Secretary of State Lansing announced that no official of the state department believes there will be a resumption of "unrestricted" German submarine warfare. The secretary's statement was made to deny a report from Washington saying officials of the state department had come to the belief.

# STRIKE ON, BARBER SHOP PATRON IN NEW JERSEY SHAVES HIMSELF

BARBERS ON STRIKE, YOU SHAVE YOURSELF

And I also urge and suggest our duty, in this our day of peace and abundance, to think in deep sympathy of the stricken peoples of the world upon whom the curse and terror of war has so pitilessly fallen and to contribute out of our abundance means to the relief of their sufferings. Our people could in no better way show their real attitude toward the present struggle of the nations than by contributing out of their abundance to the relief of the suffering which war has brought in its train.

## TO THE END

(By American Press) Washington, Nov. 18.—Representative W. C. Adamson, author of the eight hour law, served notice on the railroads and the railroad employees' brotherhoods that if they get into another fight congress will step in and take control of the whole business.

Representative Adamson's ultimatum was delivered in an address to the national council of the Chamber of Commerce of the United States, which is investigating railroad problems. Charles R. Vanhise, president of the University of Wisconsin, declared the nation would soon face another railway strike crisis "unless a brand of courage is exhibited in congress that was not in evidence last session."

## WIRE FLASHES

(By American Press) Colonel J. Payson Bradley of Boston has withdrawn as a candidate for commander of the Grand Army of the Republic.

Northern Pacific Railroad company announced a 5 per cent increase in salaries to employees who receive less than \$200 a month.

Fifteen hundred Chicago bakeries have been compelled to close since Aug. 1 because of soaring prices of flour, eggs and butter.

Beginning Dec. 4, 30,000 persons will be benefited by a wage advance averaging 10 per cent, announced by cotton manufacturers throughout Rhode Island.

## PUBLIC OWNERSHIP

(By American Press) Washington, Nov. 18.—A step toward government ownership of railroads was taken here when the national association of railway commissioners arranged to investigate the subject in every state of the Union and offer its findings to congress. A committee of seven, not yet appointed, will probe.

## MINERS ON STRIKE

(By American Press) Johnstown, Pa., Nov. 18.—Five thousand miners are on strike in the lower Clearfield district because their demands for higher wages were not met. The mines affected are those owned by operators who are not members of the Central Pennsylvania miners' association.

## WANT A RECOUNT

Concord, N. H., Nov. 18.—Philip H. Faulkner, chairman of the Republican committee, filed a petition for a recount of the New Hampshire vote for president. He acted in the capacity of attorney for the Hughes electors, he stated.

By its use a hen may be made to lay her entire life crop of eggs in one or two years. The normal time is five years. Absolutely harmless. Saves Feed. If directions are followed, it saves all the cost of oyster shell, all the cost of beef scrap, and all the cost of charcoal. It contains no pepper, mustard, waste, or other injurious substances. Insures easy, early and quick moult. It prevents and cures the egg-eating habit. Five pounds of Prescription No. 4 contains more egg-making material than a ton of oyster shells and 25 pounds of beef scrap combined. Try it four months, and you will get more eggs than you ever have before in the same length of time and season of the year. Columbus, Ohio. It is a wonderful egg producer and feed saver as well. Many of our hens have laid right through the moult last year, thanks to your Prescription No. 4. We have a capacity for 20,000 layers and intend to use it throughout our plant. # GLORIA'S ROMANCE

Of Mr. and Mrs. Rupert Hughes

Novelized from the Motion Picture Play of the same name by George Kleine.

Continued From Yesterday's Herald

## SYNOPSIS.

Pierpont Stafford, with his daughter Gloria, is wintering at Palm Beach. Gloria is a vivacious but willful young lady who chafes under the restraining hand of a governess from whom she repeatedly escapes. Her childish capers cause young Doctor Royce to fall in love with her. Becoming lost in the everglades she falls into the hands of the Seminole Indians. Gloria falls in love with her rescuer, Freneau, five years later she leaves school near. Freneau meets Freneau at the theater, he has forgotten Gloria. Later Freneau persuades her to forgive him. Gloria's father-in-law, Louis, becomes intensely jealous and Doctor Royce discovers in her an ally. Freneau takes leave of Gloria and she sees from her window an attack made upon him. Doctor Royce convinces her it is a delirium. A telegram followed by a letter, comes from Freneau. She replies and her telegrams are returned. She accidentally sees the supposed suicide of Freneau reported in the paper. Gloria swears to find the murderer of her lover. Royce tells what he knows of Freneau to Mr. Stafford. They seek to prevent scandal from enveloping Gloria. She repulses them of conspiracy against her. Gloria sets about to run down Freneau's murderer. Royce warns Mulry to tell Gloria nothing. Gloria calls on Mulry and there sees Lois who is also worried. Gloria's suspicions are aroused. Royce encourages her to show her the difficulty she faces. Gloria goes to David's country home. She meets Mulry who sees at once Gloria insists on going to Palm Beach. Again she tells Mulry that she is going. Gloria is recognized by her one-time captor, the young Indian chief. He tells her that Royce and not Freneau was her rescuer at that time. Gloria attends night court; she sees Mulry there, also the tramp who attacked Freneau. But Judge Freeman releases him. She follows the tramp when he leaves the court and falls into the hands of hold-up men. She finds nothing in a low saloon dance hall, and is selected by one of the patrons as his partner. Doctor Royce, however, follows her and when he recognizes a rescue, calls down a riot on their heads. The hall is raided and the crowd, including Gloria and Royce, are arrested and taken before Judge Freeman. The newspapers feature Gloria's arrest. Reporters surround the house. Casimir arrives with the child Gloria promises to adopt the child. Royce to take Casimir's wife to the Clifford home. She follows Trask and lands on a houseboat to hear him accused of Freneau's murder. She confronts him; he suppresses her, but she ties him up and escapes. By many stages she arrives at home. In the yacht Gloria and the men pursue the barge. Trask fires on them as they near him.

Nell and Gloria were overjoyed at the miracle, but Royce was the more alarmed the more he studied Trask's body with fingers searching everywhere, where and finding everywhere the hints of broken bones and internal lacerations. He pretended none the less to be confident, for the sake of all three, Trask and Nell and Gloria.

A bucket of water restored Jed roughly to what wits he had. He came up yelling, as if the light had not been interrupted. They had to tie him up to keep him from continuing the war. It had taken this much time for the tugboat to round upon its course and come alongside the barge. The crew had watched the scrimmage with impatient envy. They came aboard now ready for carnage. They were armed with weapons of every sort, and with zest for blood. The yacht crew gathered itself to meet the onset of these re-enforcements.

Now came the opportunity of Pierpont Stafford to use some of the heaviest artillery of battle—finance. He was too old and too little used to fluff-cuffs to attack roustabouts with blow for blow. He put up the shield of his pocketbook. The captain of the tugboat led his little army forward in a wedge, demanding with tugboat emphasis:

"What kind of pirates are youse, anyhow, and what you beatin' up the old man fur? For two cents I'd—"

Pierpont answered:

She Began to Swing It.

## MOTION PICTURE WANTS DAMAGES IN LARGE AMOUNT

They Allege Violation of the Anti-Trust Act.

New York, Nov. 18.—Seven suits, asking treble damages amounting to approximately \$18,250,000 and alleging violation of the Sherman anti-trust law, were brought against the Motion Picture Patents company and various motion picture companies and individuals in supreme court here on behalf of the Colorado Film company, the Chicago Film exchange and several other film agencies in the middle west.

The plaintiffs, who are engaged in the business of selling and renting films in Illinois, New York and elsewhere in interstate commerce, complain that as a result of what is asserted to be a combination among the defendants they were excluded from competition, their business has been rendered unprofitable and that they have otherwise been damaged. The conditions they complain of, they allege, have continued since Jan. 1, 1905.

The plaintiffs and the losses in profits set forth by them in the papers filed are: The Colorado Film exchange, \$500,000; Samuel Sculler of Chicago, \$149,000; Standard Film exchange, \$247,000; George Melles company of Illinois, \$908,000; Miles Brothers, Inc., of Chicago, \$2,325,000; Eugene Kline, Chicago, \$950,000, and Chicago Film exchange, Chicago, \$1,000,000.

## ADVANCE NOT CHECKED

Campulung, on the Head of a Railway, Almost Within the Grasp of the Invaders—British Occupy Town on the Right Bank of the Struma River. French-Serb Offensive Continues in Macedonia.

London, Nov. 18.—Campulung, a town eighty miles northwest of Bucharest, the capital of Roumania, is being menaced by the Austro-Hungarians, whose advance in northwest Roumania has not been checked. Battles are taking place within a few miles of Campulung, which is at the head of a railway along a river that penetrates the plains west of Bucharest. Petrograd says the forces of General Von Falkenhayn have taken Liresht, about five miles northwest of Campulung. An attack against the Roumanian positions at Albrecht, less than three miles northwest of Campulung, was repulsed.

More than 2,100 prisoners were taken by the Austro-Hungarians in the latest operations in Wallachia, 1,500 alone being captured in an engagement south of the Rothenthum pass and toward Rimnik. West of Predel the invaders, Berlin says, broke the Roumanian positions. Runcul mountain in Moldavia, east of Kozdicesarehly, has been carried by Bavarian troops.

The town of Barakli, on the right bank of the Struma river, and on the eastern end of the Macedonian front, has been occupied by British troops. On the western Macedonian front, in Monastir region, Berlin reports, all attacks of the entente forces were repulsed.

The Franco-Serbian offensive in the region of the Corna river, Paris states continues with success. Several positions were occupied by the entente forces and Bulgar-German attacks were repulsed.

Little activity is reported on the Somme front. London claims the extension of the British front along the Ancre, east of Beaumont. Berlin records the repulse of British attacks on the northern part of the front.

In Dobruja apparently there has been little change. Berlin states that the Roumanian artillery fire in the region of Silistria, on the Danube, below Tchernavoda, has increased.

## BRITISH AIR RAID

(By American Press)

London, Nov. 18.—A successful raid was made on Ostend and Zeebrugge by British naval airplanes and sea planes, says an admiralty announcement. Many bombs were dropped, with good results, on docks and shipping. The announcement adds, and all the machines returned safely.

## ATTACK UTILITIES LAW

Columbus, Nov. 18.—Railroad attorneys in supreme court attacked the constitutionality of the Ohio public utilities law giving the state utilities commission the right to regulate railroad rates. Attorney Frank Lewis of Toledo, representing the Toledo and Ohio Central railroad, and Attorney John F. Wilson, representing the Hoeking Valley, declared the law is unjust in that it does not give the supreme court the right to fix new rates on appeal from the utilities commission.

## SOME BIG JOB

(By American Press)

Chicago, Nov. 18.—If Jess Willard, heavyweight champion of the world, is spoiling for a scrap, as he is reported by Manager Tom Jones, he needn't look any further than Rochester, Minn. One Fred Fulton, who lives there, also is aching for a quarrel. And Willard's statement that there is no one fit for him to clinch with, notwithstanding, Fulton just now looks up as a real contender for the heavyweight laurels.

Fulton will be the heavyweight champion before the end of 1917, says a veteran Chicago sporting writer. "That is, if he gets Willard into the same ring with him."

Fulton always was big and he has the reach. Now he has developed speed on his feet, clever ring generalship and punching ability. His ring posture is similar to that of Bob Fitzsimmons in his palmy days.

Probing Collision Between Submarine and Tug.

## WITNESSES ARE CALLED

Five Members of Crew Drown When the Tug Is Sent to the Bottom. Deutschland Not Badly Damaged and Will Leave For Bremen in a Few Days—Accident Due to Combination of Currents.

New London, Conn., Nov. 18.—An inquiry into the collision which caused the German submarine Deutschland to postpone her return voyage to Germany almost at its outset when a convoying tug, the T. A. Scott, Jr., was sunk with a crew of five men, is being conducted here by federal officers.

The United States inspectors of steam vessels, headed by Captain W. E. Withey, heard, through witnesses, of the conditions under which the submarine, slipping out of the harbor in the darkness, so that she might submerge in neutral waters before daybreak, ran down the tug which was acting as her protector off Race Rock, just outside this port.

The testimony came from Captain Paul Koenig of the Deutschland, from F. W. Krapohl, his chief officer, and from Hans Kleese, his chief engineer. Those killed in the collision were: Captain John Gurney, William A. Caton, engineer; Edward Stone, fireman; Clarence B. Davison, cook; Eugene Duzant, deck hand.

Survivors were agreed that the accident was due to a combination of swift currents which carried the tug off its course and across the bow of the submarine, and to the darkness, which was to be the Deutschland's medium of safety, but which instead prevented ready observation of the danger ahead.

Before the inspectors fix the blame for the loss of the Scott and her crew they will hear the testimony of Captain Frederick Hinsch, an official of the Eastern Forwarding company, who was the only survivor on the tug. Captain Hinsch was thrown from the deckhouse of the tug, on which he was standing, into the rushing waters of the race, where he was rescued, almost exhausted, by the crew of the tug Cassie, following behind.

The Deutschland's return will be delayed only a few days by the damages which she sustained, and not at all by the fact that inquiry is being made. Examination of her bow showed that three plates had been stove in to a degree described by some as "a hole" and others as "a dent."

# GAS COMPANY WARNS WASTEFUL CONSUMER

(By American Press)

Columbus, Nov. 18.—The local gas company warned Columbus hotels, to put in supplies of coal and not rely entirely on gas for heating. Many factories have had their gas supply cut off. All these plants had anticipated this. Domestic consumers have felt no shortage so far, and gas company officials say they expect to be able to care for all gas heated homes. That the increase in price of coal has driven many more people to the use of gas in furnaces is given as a reason for the possible shortage.
